# Bohdan Tiutiunnyk

Responsibility, purposefulness, sociability, organization, perseverance, analytical mindset, ability to work in a team, self-motivation.

## Goal for the future:

1. Become a cool specialist.
2. I want to learn the ins and outs of this industry and become a professional in it.
3. I see myself in 5 years. I am flexible, so I will do the current job to the best of my ability and keep an eye out for opportunities within the organization, even if it means changing positions. I also understand that life is more complex and varied than we can currently imagine, but I will do my best to grow within the existing company in a number of ways."
